FINAL REPORT ON RECENT TRENDS IN WEB DEVELOPMENT FOR ENGINEERS

Department of Computer science and Engineering, Shreenivasa Engineering College, B.Pallipatti, Dharmapuri organised the Program “Recent trends in Web Development for Engineers”.

Date and Venue:

- The program took place on 3rd August 2023 at seminar hall, Shreenivasa Engineering College, B.Pallipatti, Dharmapuri-635 301.

Chief Guest:

- The speaker of the program was **Mrs. Deena Devaraj**, Chief operating officer at Amphisoft Technologies Pvt. Ltd. Coimbatore.

Participants:

- The program was attended by around two hundred students of Department of Computer Science and Engineering, Shreenivasa Engineering College, B.Pallipatti, Dharmapuri. The list of participants is attached with this report.

About the Program:

- Web development involves creating and maintaining websites and web applications.
- It includes frontend development (HTML, CSS, JavaScript), backend development (server-side logic and databases), and full-stack development.
- Frameworks like React and Django streamline the process. It emphasizes responsive design, web security. Management systems, hosting and API integration.
- Proficiency in implementing frontend-backend separation for improved website performance and security. Competence in developing Progressive Web Apps with offline capabilities and app-like experiences. Skill in building Single Page Applications (SPAs) for seamless user interactions, using popular frameworks like React, Angular, or Vue.js..
